

INOPERATIVE VEHICLES (JUNK CARS)

All motor vehicles parked in a residential zone must be self-propelled in the manner in which they were originally intended.

Inoperable vehicles must be stored inside an enclosed building or carport.

One inoperable vehicle may be stored in the rear yard, as long as it is entirely concealed from view by an acceptable covering, for a period of up to 60 days.

Please contact the City's Planning Department at 704.920.4350 for questions or additional information on the specific standards related to Vehicles.
